

Note added by Michigan Plate Readers. Reply from the City of Auburn Hills on request AHP-2026-09-29-A (documents), received October 5, 2026 at 2:51 pm by email from the Police Records Clerk, copying Deputy Chief Scott McGraw and a second member of the City's staff, answering our message of 2:24 pm the same day (three points: whether the second request is separate, which items the notice's boxes cover, and a request to reconsider the fee and decide the waiver). Text of the message as received; the Police Records Clerk's name, the City's signature block below his title, the email disclaimer and the quoted messages below it are left out.

Good Afternoon Chance,

1. The second FOIA request, for "Flock System Exports", is still being processed and will be sent separately. This is only for your "Flock Documents" FOIA.
2. Item #1 (Contracts and Pricing) and Item #2 (Procurement and Approval) required the redaction of account and documents numbers. No documentation currently exists for Item #7 (Audits).
3. As a Records clerk, I do not have access to the Flock system or many of the documents you've requested. My direct supervisor, the Deputy Chief of Police, does have access and must gather those materials for me. The billing for that portion is at his rate accordingly for that time. The fee letter brakes down Labor Cost to Search, Locate, and Examine, Labor Cost for Separating Exempt from Non-Exempt (Redacting), and Labor Cost for Copying/Duplication.

The City stands on the fee as issued and will not be issuing any waiver.

Thank you,

[name left out]
