

Note added by Michigan Plate Readers. Message from the City of Auburn Hills on request AHP-2026-09-29-B (system exports), received October 6, 2026 at 9:38 am by email from the Police Records Clerk, as a reply to our message of October 5 on the thread of request B, copying Deputy Chief Scott McGraw and a second member of the City's staff. One attachment, the City's payment receipt, not published because it carries the requester's address. Text of the message as received, except that the requester's mailing address and the mail tracking number are replaced by bracketed notes; the Police Records Clerk's name, the City's signature block below his title, the email disclaimer and the quoted messages are left out. End of note.

Hi again Chance,

We have received your payment for the Flock System Exports FOIA. Please find your receipt attached. The files are being mailed to you at [the requester's mailing address, left out of this copy] via USPS Certified Mail with tracking number [left out of this copy].

Our apologies for any confusion on the marking of paper copies. The files are indeed being sent via DVD-RW disc and can be printed as marked at your discretion. This was in an effort to keep cost as minimal as possible for you. The files are in the format that the system exports, CSV, with the exception of the Hot List Alert Summary which had to be printed and scanned back in as a PDF.

In terms of the redaction of license plates and phone numbers that we've previously discussed, those columns were removed from the CSV files. You requested not to have the files converted to PDF and, as a result, this was the only way to fully redact those items that couldn't be undone within the metadata of the columns in each file. License plates were removed from Item #1 Search Audit. Phone numbers were removed from Item #6 User List Export. We made a good faith effort to stay as true to your request as possible.

Lastly, we are under the impression that the audit export tool will accept dates back to the beginning of our use of the system.

Thank you,

[name left out]
Police Records Clerk III
