

Note added by Michigan Plate Readers. Message from the City of Auburn Hills on request AHP-2026-09-29-A (documents), received October 6, 2026 at 8:36 am by email from the Police Records Clerk, as a reply on the thread of request A, copying Deputy Chief Scott McGraw and a second member of the City's staff. Two attachments: the City's payment receipt, not published because it carries the requester's address, and a Flock Services Agreement, one of the records produced. Text of the message as received; the Police Records Clerk's name, the City's signature block below his title, the email disclaimer and the quoted messages are left out. A second message followed at 8:37 am. End of note.

Good Morning Chance,

We have received your payment for the Flock Documents FOIA. Please find the receipt attached and the beginning of the documents. You will receive two e-mails due to their size. This is e-mail 1 of 2.

In response to your question, Item #1 (Contracts and Pricing) and Item #2 (Procurement and Approval) had account and document numbers that are considered non-public.

For clarification on Item #7 (Audits) , we hereby certify via this e-mail, pursuant to MCL 15.235(5)(b), that the public record does exist not under the name given by the requester or by another name reasonably known to the public body.

Be advised that some of items you've requested overlap, for example Item #4 (Data Sharing) overlaps with Item #1 (Contracts and Pricing), as well as with Item #3 (Sharing Configuration) on your second FOIA request. We would ask that you evaluate all the documents between your two requests together before assuming something wasn't provided.

We have made a good faith effort to fulfill your expansive FOIA requests and at a reasonable cost.

Thank you,

[name left out]
Police Records Clerk III
