

Filed September 12, 2026 through bloomfieldtownshipmi.nextrequest.com as request 26-1065.

FOIA request under the Michigan Freedom of Information Act, MCL 15.231 et seq. Flock Safety / ALPR records, follow-up to Request 26-956.

This follows Request 26-956, which the Township granted on August 26, 2026. Thank you for the prompt response. Reviewing the records produced raised the items below. Please provide each in its native electronic format (PDF, XLSX, or CSV) through this portal. No paper copies or physical media are requested.

1. Contracts and invoices not included in Request 26-956. The Order Form signed April 1, 2024 covers nine cameras. The camera inventory produced lists twenty: nine in the "New Deal" deployment (seven installed February to March 2024, two dated December 2024), nine installed April to October 2024 ("Phase 2"), and two on Lincoln Road installed September 2025. Please provide the order form(s), quotes, and any amendments for the nine cameras approved by the Board of Trustees on August 14, 2023 and for the two Lincoln Road cameras, and all Flock Group Inc. invoices from January 1, 2023 to the date of your response. Only invoice INV-97288 (June 25, 2026) was produced.
2. Board approval for the expansion. The August 14, 2023 resolution approved nine cameras. Please provide the Board of Trustees agenda item, staff memo, minutes, and recorded vote authorizing the second nine cameras and the two Lincoln Road cameras. If no Board action was taken on either, please state that in writing.
3. Sharing configuration. From the Flock Safety dashboard: (a) the list of organizations with which the Department shares its camera data, as an export or screenshot of the sharing settings; and (b) the list of organizations whose cameras Department users can search, including whether the Department participates in Flock's statewide network, nationwide lookup, or any Michigan State Police network. The search audit produced under Request 26-956 indicates that Department users search cameras well beyond the Township's own twenty, so I would like to understand the sharing arrangements.
4. Network audit. The Flock "Network Audit" export (searches of the Department's cameras performed by users of other organizations), as CSV, for the longest period the system makes available.
5. Search audit, current window and prior exports. (a) The Flock search audit export as of the date of processing, as CSV, with the same fields as the export produced under Request 26-956 (which covered searches run July 27 to August 21, 2026). (b) Every search-audit or network-audit export the Department has previously run for any purpose, including for the audits required by Policy 5.14 Section XII, from February 2024 to the date of your response.

For items 3 through 5, I am asking only for the exports the Flock system already produces, not for any compilation or analysis.

6. Retention period. Policy 5.14 Section X.B, the Data Sharing MOU signed May 11, 2023, and the April 1, 2024 Order Form each state a 30-day retention period. The Township's Flock transparency portal stated 21 days as of September 10, 2026. Please provide any record (email, memo, vendor confirmation, or dashboard setting change) showing when and why the retention period was changed, and any revision to Policy 5.14 reflecting it.
7. Audit coverage. The three audit memos produced cover February through November 2024, January 1 through May 1, 2026, and May 2 through August 19, 2026. Policy 5.14 Section XII requires an audit bi-annually sampling at least 10 inquiries. Please provide (a) any audit memo or working papers

covering December 2024 through December 2025, or, if none exists for that period, please let me know; and (b) for each of the three audits produced, the list of inquiries sampled (search IDs or case numbers) and any working papers.

8. Hot lists and alerts. Any Flock hot-list alert report or outcome report generated for the Department from February 2024 to the date of your response, and the records of custom hot-list entries and supervisor approvals required by Policy 5.14 Section III.B.2.d, e, and g, for the same period.

Fees. I request a public-interest fee waiver under MCL 15.234(2): the records concern the operation and oversight of a public surveillance program, and the findings will be published for the general public at no charge. If the Township assesses a fee for any item, please process the remaining items and send the itemized estimate for that item on the Township's itemization form (MCL 15.234(4)) before incurring the cost, so that I can narrow it.

If any portion is exempt, please release the non-exempt portions and note the exemption relied on. Thank you again; the Township's handling of the first request was prompt and is appreciated.
