

Our reply on the NextRequest thread for request 26-1065, September 24, 2026, 2:51 pm. Text as pasted by the requester on October 1, 2026.

Thank you for the reply and for running the questions past the Clerk and confirming the reason for the public-interest waiver denial. I'll pay the revised \$129.52 fee once the invoice is posted on NextRequest (currently it says "no invoices due" and there's no option to pay), after which I'll withdraw the appeal. I appreciate the quick, careful handling of this request.
