

Note added by Michigan Plate Readers. Our message to the Oakland County Record Center on requests F007410-092926 and F007411-092926, sent October 22, 2026, 2:04 pm, as a reply on the thread of the County's letter of October 21 on F007411-092926 (one message for both requests). Text as sent; the quoted letter is published separately. End of note.

Thank you for the two letters of October 21 and the invoices on my requests F007410-092926 (program documents) and F007411-092926 (system exports). Before I pay the deposits I have a few questions, so that I pay for the right work and can narrow the requests if that helps.

1. The two invoices are identical: each charges two hours for searching and locating audit logs and four hours for redacting audit logs at \$30.93 an hour. Request F007410 asks for program documents (contracts and invoices, purchase approvals, the policy, sharing agreements, the camera list, the retention setting and any audit memos), not audit logs. Was the invoice on F007411, which requests the audit logs, meant to cover both requests?
2. Both requests asked that any estimate be broken out by the numbered items, so that I can narrow them. Could you show the hours by item, or tell me which items account for the time?
3. The letters say the request is granted for existing, non-exempt records and that any withholding will be explained at the end. If any numbered item will not be produced, or if no record exists for it, I would appreciate knowing that before paying, since the estimate may change.
4. Both requests asked for a public-interest fee waiver or reduction under MCL 15.234(2). Could you let me know the County's decision on it?

I am glad to discuss any of this by phone or email, and to take the records in stages as they are ready.

Thank you,
Chance Ackley-Smith
