Re: FOIA Request – Automated License Plate Reader (ALPR) Vendor Agreements and Payments

Chance Ackley-Smith:

The Village of Ortonville has reviewed your Freedom of Information Act (FOIA) request under the Michigan Freedom of Information Act, MCL 15.231 et seq., seeking records concerning automated license plate reader (ALPR) vendors, agreements, payments, and related approvals for the period of January 1, 2020, through the date the request was received.

Following its review, the Village confirms that it does not have any responsive records concerning the use, procurement, or acquisition of automated license plate reader technology. Specifically, the Village has no contracts or agreements with automated license plate reader vendors and no responsive records of payments, leases, trials, pilot programs, purchase orders, accepted quotes, invoices, disbursements, or Council, board, or commission actions approving such agreements or payments.

Certificate of Nonexistence of Public Records

Pursuant to MCL 15.235(5)(b), the Village of Ortonville certifies:

“The public records requested do not exist under the name given by the requester or by another name reasonably known to the public body.”

Accordingly, no responsive records are available for production, and no fees are being assessed for this request.

Right to Appeal

In accordance with MCL 15.240, you may appeal this determination to the Village of Ortonville Council by submitting a written appeal to the Village Clerk. The appeal must specifically state the word “appeal” and identify the reason or reasons for reversal of the determination.

Alternatively, you may commence a civil action in the appropriate circuit court to compel disclosure of the requested public records, as provided under MCL 15.240.

Thank you for your interest in the Village of Ortonville and its public records.

Sincerely,
Thomas Ryan
Village Clerk
