Notice to Extend Response Time for FOIA Request
Michigan Freedom of Information Act, Public Act 442 of 1976, MCL 15.231, et seq.

Name: Chance Ackley-Smith
[the requester's contact details are left out]

Date Request Received: 10/7/2026

Date of This Response: 10/12/2026

Records Requested: [the text of our request, quoted in full in the notice, is left out; it is published as filed]

We are extending the date to respond to your FOIA request for no more than 10 business days, until October 28, 2026. Only one extension may be taken per FOIA request. If you have any questions regarding this extension, please contact 734-354-3232.

The estimated time frame to provide records is by October 23, 2026. The time frame estimate is nonbinding upon the township, but the township is providing the estimate in good faith. Providing an estimated time frame does not relieve a public body from any of the other requirements of this act.

Reason for Extension:

~ The township needs to search for and examine a voluminous amount of public records pursuant to your request. Specifically, the township must collect the records from various sources and compile the appropriate responsive documents for your request. The township must also separate exempt from non-exempt information within these records.

~The township is a small agency with minimum staffing. We currently have a large volume of open public records requests and are working through them as quickly as possible.

Thank you,
