Re: (2) Requests for public records pertaining to Flock Safety

The Royal Oak Police Department has received your requests for public records and processed them pursuant to the provisions of the Michigan Freedom of Information Act, MCL 15.231 *et seq.* The responses will be combined as to not cause undue burden to the City of Royal Oak while processing public records requests.

In order to determine the extent of responsive information, we are extending the time to respond to your request by ten (10) business days, as permitted under MCL 15.235, section 5(2)(d). Therefore, a written notice will be issued to you on or before October 21, 2026.

PLEASE NOTE: *The Michigan Freedom of Information Act does not require a governmental body to create new information or answer questions. The City of Royal Oak FOIA procedures and guidelines can be accessed at <https://www.romi.gov/522/Freedom-of-Information-Act-FOIA>.*

If at any time for any reason you are no longer in need of the requested records, please contact the Records Division to cancel your FOIA request

Please keep in mind that the Royal Oak Records Division operates with a small number of clerks, and we have many other routine services that we must provide our community on a daily basis, such as fingerprinting, concealed weapon and pistol permit applications, firearm registration, providing records over the counter, as well as all other FOIA requests we are currently processing. The Records Division typically processes requests in the order of receipt. The time it takes to respond to a request will vary depending on the complexity of the request and any backlog of requests already pending. A simple request can be processed faster than one that is complex. Simple requests are typically more targeted and seek fewer pages of records. Complex requests typically seek a high volume of material or require additional steps to process such as the need to search for records in multiple locations.
