

Filed September 29, 2026 by email to the City's FOIA Coordinator (no request number is assigned; the reference is ours); our reference WP-2026-09-29-A.

FOIA request under the Michigan Freedom of Information Act, MCL 15.231 et seq. Please provide the following records of the City of Westland and the Westland Police Department in the electronic format in which they are kept (PDF, XLSX, or CSV) by email or through your records portal; I stipulate electronic delivery of the records and of your response (MCL 15.234(1)(c); MCL 15.235(10)). No paper copies or physical media are requested.

This request is submitted by email rather than through the City's online form. I do not agree to any extension of the response time in MCL 15.235(2), and for any record already available on the City's website, a webpage address in the written response is sufficient.

1. Every agreement between the City (including the Police Department and, to the extent the City holds them, agreements entered by the Tax Increment Finance Authority or the Downtown Development Authority) and Flock Group Inc. (Flock Safety) in force at any time since January 1, 2024: master agreements, order forms, amendments, renewals, trial or pilot agreements, and any agreement or order form for search or network access without cameras, each with its term and expiration date.
2. Every notice of non-renewal, termination, or suspension sent to Flock since January 1, 2026, and every written acknowledgment or response from Flock, including any statement of the date service ends, the date cameras will be removed, and the date data will be deleted.
3. Invoices, purchase orders, and payment records for Flock services dated January 1, 2026 through the date this request is received.
4. Work orders, correspondence with Flock, or confirmations concerning the removal of each Flock camera, dated January 1, 2026 through the date this request is received and held by the Police Department or the City office that administers the Flock contract, showing the removal dates, and any confirmation from Flock that the City's data has been deleted.
5. The Police Department's written policy or general order on automated license plate readers, current and any prior version in effect since January 1, 2024.
6. Any audit, review, or report by the Department of searches of its cameras by other organizations, and any audit or review of the Department's own users' searches, since January 1, 2024.

If no record exists for an item, please include in your written response the certificate required by MCL 15.235(5)(b) that the record does not exist under the name given here or by another name reasonably known to you.

Fees. I request a public-interest fee waiver or reduction under MCL 15.234(2): the records concern the operation and wind-down of a public automated license plate reader program, and the results will be published for the general public at no charge on a public website covering Michigan license plate reader programs, so furnishing them can be considered as primarily benefiting the general public. If the City assesses a fee for any item, please process the remaining items and send the itemized estimate for that item on the City's detailed-itemization form (MCL 15.234(4)), and, if the estimate exceeds \$50, the deposit notice under MCL 15.234(8), within the response period of MCL 15.235(2), so that I can narrow it. If any portion is exempt, please release the non-exempt portions (MCL 15.244(1)) and, for each withholding, state the basis and describe what was separated or deleted (MCL 15.235(5)(a), (c)). Thank you.
